HTML, CSS, Bootstrap, Kendo UI / Telerik, DevExpress, React, TypeScript, JavaScript, AJAX, jQuery, Silverlight, Razor

Databases & Data / Data Integration

SQL Server, MySQL, Oracle PL/SQL, DB2, Mongo DB, SSRS, Oracle Reports, Crystal Reports, SSIS Integration Services, Power BI, Power Automate

APIs & Integration

RESTful APIs, SOAP Web Services, webMethods (basic), SAP Middleware, Electronic Payment Processing (Authorize.Net), OpenAI

Tools & Platforms

Visual Studio Code, Visual Studio (2003–2026), Azure DevOps, Git, SVN, TFS (Agile), JIRA, Enterprise Architect (Reverse Engineering), Maven, Spring, Eclipse, IntelliJ IDEA, TensorFlow, SendGrid, PyCharm, Control-M, \$U, XCode, Microsoft Office

Infrastructure & Systems

Windows Server IIS, Ubuntu, Linux, DNS & Domain Configuration, Live Streaming

Design & Legacy Tools

Photoshop, Fireworks, Dreamweaver, Flash, MCMS, Vignette

AI & Machine Learning

TensorFlow

WORK EXPERIENCE

HUMANA / SOFTWARE ENGINEER II

July 2022 – June 2026

- Developed multiple enterprise web portals, including the main ASES reporting platform with fully automated ETLs, and the MembersSync360 portal for reconciliation, enrollment groups, and membership reference data. Maintained and enhanced the organization's IT project management portal to support task assignment and team coordination. Designed and implemented a web-based enrollment form generator for new member groups. Additionally provided mentoring and guidance to coworkers, supporting project execution and knowledge growth across the team.	- SSIS (ETLs) - SSRS - SQL Server - Oracle - AS/400 - Visual Studio (MVC .NET Core 8) - Oracle Toad - jQuery - Kendo Telerik - Azure DevOps - Power BI
--	--

MMM HOLDINGS LLC / METROIT

July 2020 – March 2022

- Created a RESTful API middleware in .NET Core to enable integration between the new IVR platform (NICE) and the C3PO Homecoming system, ensuring secure communication and streamlined data flow. Developed and supported Power BI exception reporting solutions to monitor operational activity and surface critical issues for business teams.	- SSIS - VS 2019(C# & VB) - SQL Server 2017 - TFS - .Net Core, SoapUI - Power BI
---	---

VAQUERÍA TRES MONJITAS

June 2019 – April 2020

- Created a full SAP integration middleware centralizing data flows across all company systems, including Starbucks, Soft & Creamy, OLA, Hacienda San Elena, and additional subsidiaries, enabling unified accounting, inventory management, and operational reporting.	- SSIS - VS 2019 (C# & VB) - SQL Server 2017 - GIT
---	---

PUERTO RICO TOURISM COMPANY / DATAWORKS

August 2018 – June 2019
May 2012 – November 2012

- Led the transition of merchant services into new online payment modules for Room Tax and Casino at roomtax.prtourism.com, ensuring secure and uninterrupted processing. Directed and coordinated conference calls with the merchant provider (First Data) to align technical requirements, resolve issues, and support system deployment.	- PHP - PL/SQL - jQuery - Photoshop CS5 - Windows Server 2008
---	---

DIRECTV & BURGER KING / EXCELLERE CONSULTING ASSOCIATES, LLC

May 2017-August 2018

- Supported multiple integration initiatives for Burger King systems, including data and application connectivity across internal platforms. Executed a structured SQL migration project for DirecTV, ensuring continuity and accuracy of operational datasets. Designed and developed a new Service Module to improve process handling and internal service management.	- C# & VB.NET - SQL Server - SSIS - Reporting Services
--	---
